

Dog Found

This sweet, small, white dog with loving brown eyes (young/female? Malamute/Samoyed?) was waiting for help in our backyard in Bow (6/29/09).

She's wearing two collars, but no ID tags.
She'd been injured (limping & quills in nose).
The Bow Police have taken her to a local vet.

Clearly, she loves and trusts people . . .
please help her find hers again!
